1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS:

Claims 16 and 17 have been canceled.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or fairly suggest the claimed invention. Instant claims 1 and 14 both define a ball comprising a bladder, fabric layer comprising a plurality of sewn together fabric pieces and a skin layer extending over the fabric layer. Claims 1 and 14 also define the method steps for providing a hole in one of fabric pieces, reversing the fabric layer through the hole and inserting the bladder through the hole. Instant claim 1 also recites a valve opening located in a fabric piece that is opposite the fabric piece having the hole and wherein the hole is closed after insertion of the bladder. Instant claim 14 also recites placing a patch on the inner side of the fabric layer to close the hole after insertion of the bladder. The particular limitations relating to

Art Unit: 3711

the method of construction of the ball using the hole, the location of the hole on the fabric piece and the closure of the hole afterwards is not taught by the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
